BOARD'S NEW LEPER POLICY

A Committee to Be Appointed to Carry Out the Details.

A further step was taken by the Board of Health at its meeting yesterday in its new policy of treating lepers. By the action taken yesterday a committee of the board is to be appointed to arrange for and follow the details of the treatment of lepers in connection with the representatives of the United States Marine Hospital Service, and to preserve records of the cases.

The action was taken at the instance of Dr. J. T. Wayson, who offered the following resolution, which was unanimously adopted:

"Whereas, This board having decided to depart from its established custom for the treatment of lepers, and persons believed to be afflicted with leprosy, be it

"Resolved, That a committee of three members of this Board of Health, the president of said body to be one, be appointed by the president for the purpose of conferring with the representatives of the United States Public Health and Marine Hospital Service in Hawaii, in the treatment, and the management of the details of the treatment, of all lepers being treated under the regulation recently adopted, said committee to keep a true record of such cases, the symptoms and progress, and to report to this board from time to time as the president may direct."

COULDN'T FIND HIS LEG.

SALINA, Kansas, July 30.—Earle Miller, a young farmer in this county, was murdered last night by a robber in attempting to rob the family of a large sum of money recently received for wheat sold. Although Miller was almost choked to death by his assailant, he fought him off and the robber escaped. Miller's father has a wooden leg, and was unable to go to the rescue of his son, owing to the darkness, and his leg had been misplaced. When he recovered it, the robber was gone.
